This newly opened and family operated restaurant is a delight! Fresh tablecloths and napkins, plants and nicely spaced tables and booths set a pleasant ambience for dining. The waitstaff is courteous and attentive but not intrusive. Drinks were good. Both my companion and I had the Braised Lamb (what else in a Greek restaurant) and it was delicious. Served with differently prepared, meaty

After reading a review we decided to give this restaurant another try since our last experience was not very good. The Restaurant listed as a "good Choice" crab cakes. Well we tried them again and they were no better then they were on our first visit. Wow what a disappointment.
